SPILL CONFERENCE & EXHIBITION

SPILL CONFERENCE & EXHIBITION

We are now drawing to a close – Interspill 2012 in London has achieved Olympian standards in an Olympic year.

The event has been successful in all respects, for delegates, exhibitors and visitors.

We would like to thank you for coming here, and we look forward to seeing you again at Interspill 2015.

We will be announcing the venue, somewhere else in Europe, later this year.

In 2013, Spillcon will go to Cairns, in Australia

SPILL CONFERENCE & EXHIBITION

I would now like to formally close Interspill 2012, and handover the “ceremonial” boomerang to Toby Stone, General Manager at AMSA. It has survived its journey from Melbourne in 2010, to Portland in 2011, and now goes home from Great Britain to Australia.
