

Biography:

Hans V. Jensen, Head R & D, NOFO

In order that the Chair for your session can prepare their introductions, we would be grateful if you could provide a few bullet points describing your background, qualifications and specialism. It would be useful if you could also include a photograph. This information will also be included within the Conference Guide for delegate perusal.

- More than 20 years experience with oil spill response, also oil in ice,
 - first at SINTEF
 - since 2004 at NOFO
- Prior to this, several years at SINTEF on field investigations of ice and iceberg conditions in the Barents Sea
