

Biography:

Stuart Gair, Technical Development Manager, Oil Spill Response Limited

Stuart joined the Oil Spill Response in 1995 and has more than 20 years of experience in the oil industry working for ExxonMobil and Oil Spill Response.

During his time with the Company, Stuart has worked within the Training and Consultancy department, travelling all over the globe delivering services to industry. Stuart has supported a number of our members in specialist projects, including the Caspian to Black sea pipeline project within Georgia.

Stuart has attended incidents including Macondo, Sea Empress, Prestige, Erika, and Nadhodka, during which he has acted as Incident Manager, Aerial Observer, Technical Advisor and Spill Manager for oil companies, governments, shipping companies and P&I clubs.

Currently he is responsible for ensuring the Company's Response Readiness capabilities and Technical Development
